Policy for Long Future Enrolments

A **Long Future Enrolment** is any enrolment occurring beyond the next academic year.

Current Year – June 2025	Next Academic Year- June 2026	Any Year after Next Academic Year
Normal enrolment process	Normal enrolment process	Long Future Enrolment process

1. Background

- 1.1. The College is receiving applications for enrolment for children to be taken two or three years in the future.
- 1.2. A process is required to inform the College of these pending enrolments
- 1.3. The normal enrolment process is not deemed suitable for this purpose since a parent may change their mind about the enrolment and not notify the College. This would leave the College with an unknown vacant space for that class which could have been offered to another applicant.
- 1.4. The current insufficient notice penalty is not workable for any student who has not commenced their enrolment at the College.
- 1.5. **SIBLING EXCEPTION:** This policy does not apply to sibling enrolments. The possibility of a parent cancelling the enrolment of a sibling is minimal compared to a parent with no relationship to the College.

2. Process

- 2.1. The application will be received and processed in the normal fashion.
- 2.2. The normal fee will be applied before the initial interview.
- 2.3. If successful at interview a place will be offered for the desired year.
- 2.4. A second interview will be held during the year prior to entry.
- 2.5. The normal enrolment processing fee of per child.
- 2.6. Refer to enrolment Fee policy
- 2.7. CBCC Scholarship is on offer for students.
- 2.8. The above points (2.4 – 2.7) will be included in the Letter of Offer as well as articulated at the initial interview.
